

I believe it is wrong for Sinclair Broadcasting to air an anti-Kerry documentary days before the presidential election. This is a misuse of the public airways to promote the Sinclair corporation's political agenda. It is an unbalanced and unfair promotion of a single presidential candidate, the most important public office in the US. I believe airing this documentary is illegal.

The FCC's charge is to regulate the media from perpetrating abuses like this and I hope that Sinclair will be stopped.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
